Dieu nous a sauvés: non
point par oeuvres de Justice que nous ayons faites, mais
selon sa miséricorde, par le lavement de la regeneration
& renouvellement du saint Esprit: lequel il a répandu
abondamment en nous par Jesus Christ nôtre Sauveur:
Afin qu'estans justifiez par la grace d'icelluy, nous
soyons heritiers selon l'esperance de vie eternelle. Tit. 3.

Il y a de l'honneur et du des-
honneur au parler: et souvent la langue de l'homme
le fait ruiner. Ne sois point d'appelle rapporteur. Et
n'espie personne par ta langue: car grand blasme
tombe sur le larron, et condemnation mauvaise est sur
l'homme qui a double langue. Ne fais rien
imprudemment, ni en petite chose ni en grande.

Al Sig. Cesare Arquato mio Pne Oss.mo

Mi sento grandemente ingiuriato da V.S. Ill.ma
mentre, c.s'io li son servidore, e non usa di comandarmi
com'è veramente solito farsi da patroni M. Sauzi
dato ad'intendere in buona fè, che mi tenesse in più
buon concetto, e que mi desse il primo luogo nè suoi ser-
uidori, che più l'amano. Che

Socrates Philosophe, disoit
que les hommes conuoncez estoyent semblables à la lampe laquelle par
superflus abondance d'huyle ne rend point de lumiere, mais gette dessore
les flammesches. ainsi l'homme trouble d'ire ne peut user de rayson. La
louange qu'il fait sans rayson ne vault rien. Il fault doncques par
rayson guider nos faicts toutes choses. Et que du tout ire en soy
ssoigneux: comme estant ennemye de bon conseil.

Quand nous voulons reprendre ou nous mocquer de quelqu'vn, regardons premierement a nous mesmes, & considerons si nous ne sommes aussi entachez de pareile vices. Car l'amour propre & bonne opinion que nous avons de nous mes-
mes, cache beaucouv d'imperfections en nous.

Socrates disoit que come la nourriture rend les biens propres à la vie, aussi la bonne institution rend les hommes utiles au maniement de la Republique et conſequemment fait q'ils deviennent moderez en toutes choſes. Et jacoit q'ils ne naissent totalement bien nais, si est ce q'par bonne exercitation en la vertu, ils peuvent aucunement reparer le defaut de nature.

Xenophanes estant blasmé par Hermonéus destre craintif, pource qu'il n'avoit voulu jouër aux dez avec luy, fit réponce qu'il estoit véritablément honteux, mais c'estoit en chose deshonneste. Dont monnestant par cela un chascun que la crainte est grandement à louër, quant elle retire la personne de faire mauvaises oeuvres.
